

Mirage

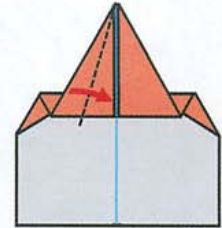

1. With the patterned side up, crease paper in half vertically and unfold. Mountain fold top corners along lines 1a and 1b. Then mountain fold along lines 2a and 2b. Turn over.

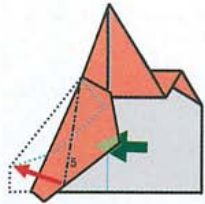

2. Fold the tip down along line 3 to the bottom edge.

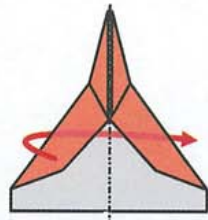

3. Fold the tip upward along line 4.

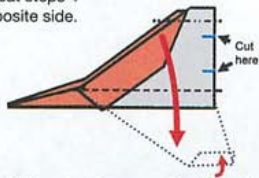

4. Fold the upper left sloping edge in toward the center.

5. Put your index finger under the top layer and push to the left. Line 5 becomes the edge of the wing. Repeat steps 4 and 5 on the opposite side.

6. Mountain fold the paper in half. Rotate model.

7. Fold the wing downward and fold the wing tip upward. Cut on the lines shown for tail fins and fold up. Repeat on opposite wing.
